Speedy Zig Zag

Niva Easy Rack

Zig Zag is a unique leaflet holder which takes up so little space and weights so little that can be unfolded with a single movement and transported in a handy carrying case. You have opportunity to attract your target audience by 6 different brochures on the brochure holder. Easy Rack is a new type of leaflet holders which provides elegance and professional presentation. It's delivered in steel and wood version, available from 4xA4 to 6xA4 boxes for leaflets.
